

**MEMORANDUM**

**TO:** GTC Planning Committee Members & Alternates  
**FROM:** James Stack, Executive Director /s/  
**DATE:** May 3, 2018  
**SUBJECT:** FTA Section 5310 2017 Solicitation and Recommended Funding

On June 23, 2017 the New York State Department of Transportation (NYSDOT) announced the availability of \$28.7 million in funding made available through the Federal Transit Administration's Enhanced Mobility of Seniors and Individuals with Disabilities Program (Section 5310). This program is intended to enhance mobility for seniors and persons with disabilities by supporting activities that serve the special needs of transit-dependent populations beyond traditional public transportation services and Americans with Disabilities Act (ADA) complementary paratransit services. The application deadline for the solicitation was August 21, 2017.

While \$28.7 million is available in NY State, projects in the Rochester Urbanized Area were eligible for approximately \$1.24 million. This represent the value of funds for which GTC has project selection responsibility. NYSDOT has project selection responsibility for the remainder of the region; however, the program is a joint effort and GTC staff provides an evaluation for all eligible projects in the region.

Following the NYSDOT's receipt of the applications, they were screened and processed. On September 22, 2017, they were provided to GTC staff for review and recommendation. Twenty applications were received.

GTC staff have evaluated the project applications against the proscribed criteria and the results are presented in the attached table. As in past cycles, GTC staff recommends funding projects in rank order. For those projects that are both inside and outside the Rochester Urbanized Area that fall within the fundable range in the Rochester Urbanized Area, we suggest encouraging NYSDOT to fund the portion of the project outside the Rochester Urbanized Area. For those projects outside the Rochester Urbanized Area, we suggest encouraging NYSDOT to select as many as possible for funding in the rank order.

Following the review of the proposals they were ranked and are shown on the attached Scores and Recommended Funding table.

The following items are provided for your consideration:

**1. Scores and Recommended Funding table**

***Recommended Action:***

*Concur on the Scores and Recommended Funding table and approve of GTC staff submitting such as the regional priority for use of FTA Section 5310 funds.*
