

MEMORANDUM

TO: Planning Committee Members and Alternates
FROM: James Stack, Executive Director /js/
DATE: February 6, 2020
SUBJECT: Proposed Planning Committee Resolution 20-1 (Modifying the *2019-2020 Unified Planning Work Program* to reflect the reprogramming of FHWA Metropolitan Planning (PL) funds)

Livingston County is requesting a modification to the *FY 2019-2020 Unified Planning Work Program* (UPWP) for Planning Committee consideration.

The requested change would reprogram \$8,080 of FHWA Metropolitan Planning (PL) funds from the amount allocated to Task 1600 – Program Reserve to Task 8774 – Geneseo Active Transportation Plan.

Livingston County requested additional funds in order to expand the scope of the project to include additional intersection analysis and camera deployment compared to the amount specified by contract. The additional work was identified in conjunction with the study advisory committee during the project. Supplemental funds will also allow for:

- a greater level of detail in conceptual planning related to a currently informal trail leading to the Geneseo Central School;
- cost estimates for a prefabricated truss bridge finishing the preferred alternative link to the Genesee Valley Greenway;
- initial operational feasibility assessment for the implementation of a roundabout at the particularly challenging 5-way intersection of Route 20A, Temple Hill Street, Groveland and Crossett Roads; and
- a presentation of final report recommendations to the Village Planning Board.

The following items are provided for your consideration:

- 1. Proposed Planning Committee Resolution 20-1** (Modifying the *FY 2019-2020 UPWP* to reflect the reprogramming of FHWA Metropolitan Planning (PL) funds)

Recommended Action:

Approve proposed Planning Committee Resolution 20-1.
